

NEW GENERATION FALL PROTECTION For the Material Handling Industry

“The comfort of the harness is 10 times better than our previous harness”

*“The new harness is something that never needs to be taken off.
This is where we see the biggest time saver”*

Safe - Simple - Sanitary - Savings

Safe

- OSHA & ANSI approved
- Multifunctional – Can be used as Class 2 & 3 Safety Vest
- 99% metal free- reducing electrical arc
- Ergonomic - Reduces fatigue during wearing
- Lightweight – 3.5 lbs.
- Flexible- freely perform task on or off elevated surfaces
- Body-Cooling material and design
- Reduces Trauma by evenly distributing body weight at fall arrest

Simple

- Operator/User Friendly – As easy as zipping up a jacket
- 1-pt. vs. typical 5-8 pt. connection – Eliminating complicated user manuals & instructions
- Innovative design provides optimal comfort for both males & females

Sanitary

- Quick & Easy to Sanitize – machine wash in cold water and air dry
- 99% Metal free
- No adjustments – minimized contact surfaces

“Extremely important to me to be able to clean and sanitize”

Savings

- Increased productivity by Decreasing wasted time spent untangling & adjusting
- Reduce the risk – provide user/operators & mgt. with simple safe solution
